Youth Ag Day

**at the Solano County Fairgrounds
Tuesday, March 14, 2017 - 9 am - 1 pm**

Youth Ag Day is presented each year at the Solano County Fairgrounds to engage Solano County third-graders in experiencing local agriculture first hand. It features group presentations and rotational learning stations in a field trip setting, presented by a dedicated group of volunteers. Activities are designed to give children the opportunity to learn about food and fiber production with an emphasis on the agricultural bounty of Solano County. Hands-on activities and educational games, farm animal displays and small group demonstrations are provided by local farmers, producers, businesses, agriculture specialists and students. We hope you will be able to join us in this wonderful exploration of agriculture in your county.
