FLORICULTURE

Exhibits in most Floriculture departments must be grown by the exhibitor within the county, except in classes for Arrangements, Amateur Gardens and Wheelbarrow Planting.

All classes are limited to residents of Solano County and the neighboring counties of Alameda, Contra Costa, Marin, Napa, Sacramento, Sonoma and Yolo unless specified in an individual division or class.

There are **NO** limits on the number of items an exhibitor may enter per class.

No exhibitor shall receive more than two cash awards in any one class using the American judging system.

Glossary

ANNUAL – A plant that completes its outdoor cycle of growth in one year.

BIENNIAL – A plant that normally completes its outdoor cycle of growth in two years.

PERENNIAL – A plant that lives, blooms, and seeds for more than two years. Trees and shrubs are hard wooded perennials.

HERBACEOUS PERENNIALS – A plant that lives longer than two years but which in colder climates dies back to the ground each winter.

SPIKE – A flower structure with flowers, no stem or very short stemmed, on a common lengthened stalk. Example: Gladiolus.

SPRAY – Portion of a plant with a number of flowers on one stem. Example: Cosmos and Salpiglossis.

STEM – The main ascending part of a plant. Example: Tea Rose, Carnation.

STALK – A stiff stem which may or may not branch, and with one or more flowers and buds. Example: Tall Bearded Iris.

BLOOM – Individual flowers, one blossom on a stem. Example: Exhibition Dahlias, Carnations, Roses (all disbudded).

SPECIMEN – A single plant, bloom, spike, spray, stalk or stem.
