Youth for the Quality Care of Animals (YQCA) is a Statewide required training for anyone entering livestock in a 2023 California Fair (excluding horse, cavies & dogs). Exhibitors must go to the YQCA training site at <https://yqcaprogram.org/> and complete annual training. Proof of training must be provided at the time of entry.

JUNIOR LIVESTOCK

The Junior Department is for youth who wish to enter in one of the categories described below to compete against other youth at the Solano County Fair. Some exhibitors are members of organizations, such as 4-H and FFA, and there may be some classes and divisions limited to members of such organizations. The Solano County Fair provides the opportunity for young people who are not members of such organizations to exhibit in Youth Solano Living. In some cases, depending on the number of entries, these "independent juniors" compete in the appropriate class in direct competition with an organization member. In other cases there may be separate classes for independent juniors.

4-H DEPARTMENT

4-H Youth programs are non-formal voluntary educational programs, under the supervision of the University of California Cooperative Extension and the U.S. Department of Agriculture. The projects exhibited at fairs by members of these groups are the results of their efforts under the supervision of adult volunteers.

FFA DEPARTMENT

FFA is a national organization of students enrolled in high school vocational agriculture classes. The local unit is the chapter in each school offering vocational agriculture, under the supervision of the agricultural teacher who is also the local chapter advisor. The state unit includes all chapters in the state, under the supervision of the State Department of Education as represented by the Bureau of Agricultural Education, with its headquarters at the State Education Building, Sacramento, Calif. The national unit is the group of associates in each state and Puerto Rico, under the supervision of the Agricultural Education Division of the U.S. Office of Health, Education and Welfare in Washington, D.C.

Every Future Farmer project in livestock, poultry, fruit or crops is part of the practical education of the vocational agriculture student who owns it. The program includes the improvement of agriculture leading ultimately to the ownership of the farms and the development of good rural citizenship. Participation in fairs and livestock shows is recognized as having educational value as well as simulation for better results and finer projects, under supervision of the qualified chapter advisor and with the cooperation of the Fair Management.

Jack & Bernice Newell Memorial Junior Livestock Auction 1:30 pm - Saturday, June 17

Livestock to be sold at the Solano County Fair Junior Livestock Auction must be entered under the following conditions:

1. **Market and Feeder classes for all species are restricted to bona fide members of a Solano County 4-H Club, FFA Chapter, Grange Chapter AND Solano County residents (Independent exhibitors) that have not shown livestock at a County or District Fair in 2023 outside of Solano County. This includes exhibition as an independent or member of a non-Solano County organization such as 4-H, FFA or Grange. Example: If you have shown livestock in 4-H in Sacramento County in 2023, you are not eligible to exhibit Showmanship, Market, Feeder animals for any specie or any Rabbit and Poultry project at the Solano County Fair.**

2. Animals to be entered in the auction must be declared within one hour after completion of judging.

3. The Junior Livestock auction is a terminal sale in which the market ready animals exhibited at the Fair are to be sent to a processing facility and harvested following the conclusion of the auction/fair. Transportation to the processing facility is organized by the Fair.

4. Animals will be officially weighed at the time of arrival and will be sold on the basis of those weights. If a weight is questioned, the animal will be taken off, scales balanced and animal re-weighed. Animals may not leave the area before a reweigh.

**Chickens, Quail, Turkey and Rabbits
Monday, June 12**

**Beef, Goat, Sheep & Swine
Tuesday, June 13**

5. All animals to be sold must have been owned by the seller and be a project of that member for the following time periods and must not have been shown by another exhibitor as a market animal at any previous Fair:

a. Poultry and Game Birds: since the birds were one week of age.

b. Rabbits: since the rabbits were five weeks of age.

New

11. Sale order will be posted in the livestock barns. Management reserves the right to arrange the sale order in a manner which seems fair to all consignors.

participating in the Junior Livestock Auction. If an exhibitor chooses to remove their animal from the Junior Livestock Auction after the Intent To Sell Form has been signed and prior to the live auction, they may do so and will result in disqualifying them from showing Market animals at the 2024 Solano County Fair.

16. All exhibitors selling animals at the auction shall be assessed 10% of the selling price to offset auction expenses and to maintain a reserve for auction contingencies.

17. The seller must care for their animals as long as they remain on the Fairgrounds. Management reserves the right to withhold any prizes from any exhibitor who does not comply.

20. The Junior Livestock Auction is a terminal auction for **all** animals. There are no live take home or donation back to exhibitor options.

21. Sellers must sign the "Drug Residue Policy", before selling of the animal will be allowed. Forms can be found on the fair website.

RALLY OBEDIENCE

All dogs will be on leash. Evidence of teamwork between dog and handler, but perfect "heel position" is not required. The team starts with 100 points, and the judge deducts points for mistakes such as a tight leash, crooked sits, or performing an exercise incorrectly. There is no time limit and the team moves at their own pace, however at competition level, the performance is timed, and in the event of a tied score, the fastest team wins. The judge expects to see the dog demonstrate willingness and enjoyment. Unlimited communication between handler and dog is encouraged. Handlers may give multiple commands and signals but may not physically guide or correct the dog. Food or toys are not permitted in competition. Courses are designed by the judge and are different in every trial. Handlers receive a course map from the judge and can walk the course without their dogs prior to the start of the competition.
