YOUTH SOLANO LIVING

All departments in Solano Youth Living are open to youth residing in Solano and surrounding counties.

The Junior Department is for youth who wish to enter in one of the categories described below to compete against other youth at the Solano County Fair. Some exhibitors are members of organizations, such as 4-H and FFA, and there may be some classes and divisions limited to members of such organizations. The Solano County Fair provides the opportunity for young people who are not members of such organizations to exhibit in Youth Solano Living. In some cases, depending on the number of entries, these "independent juniors" compete in the appropriate class in direct competition with an organization member. In other cases there may be separate classes for independent juniors.

4-H DEPARTMENT

4-H Youth programs are non-formal voluntary educational programs, under the supervision of the University of California Cooperative Extension and the U.S. Department of Agriculture. The projects exhibited at fairs by members of these groups are the results of their efforts under the supervision of volunteer adults.

FFA DEPARTMENT

FFA is a national organization of students enrolled in high school vocational agriculture classes. The local unit is the chapter in each school offering vocational agriculture, under the supervision of the agricultural teacher who is also the local chapter advisor. The state unit includes all chapters in the state, under the supervision of the State Department of Education as represented by the Bureau of Agricultural Education, with its headquarters at the State Education Building in Sacramento, Calif. The national unit is the group of associates in each state and Puerto Rico, under the supervision of the Agricultural Education Division of the U.S. Office of Health, Education and Welfare in Washington, D.C.

Every Future Farmer project in livestock, poultry, fruit or crops is part of the practical education of the vocational agriculture student who owns it. The program includes the improvement of agriculture leading ultimately to the ownership of the farms and the

development of good rural citizenship. Participation in fairs is recognized as having educational value as well as simulation for better results and finer projects.

Industrial Education: Industrial education is an integral part of the total program of education. The branches of learning represented by industrial education are industrial arts and vocational and trade education.

- Industrial Arts Education provides for personal identification with work of industry, for satisfactions that are found in creative craftsmanship, and for developing values that are important to the consumers of goods and services.
- Vocational and Trade Education develops occupational competencies that prepare people to enter employment in specific industries and service occupations.

ELIGIBILITY & AGE REQUIREMENTS

4-H Club Members

Primary members: A 4-H member may enroll when eligible, ages 5-8 as of December 31, 2021. Primary members are eligible to participate in non-livestock categories in the Youth Solano Living Department.

Junior, Intermediate & Senior: Must be 9 years old on or before December 31, 2021. Exhibitors are eligible to compete/exhibit through December 31 of the year in which they turn 19 years of age.

FFA Members

Members may participate in classes when they enroll in high school vocational agricultural classes and, may exhibit as a member to the end of the calendar year following graduation. (i.e. 2021 graduates may participate in the 2022 Fair.)

Youth Exhibitors

Open to youth ages 5 to 17 on January 1, 2022. Youth who are 9 years old or in the 4th grade by January 1, 2022 are eligible to exhibit animal projects.
